EXPERIENCE

- **Design Lead @ Halftime Sports** (June 2020 - Present)
Halftime Sports is an app that is a one-stop-shop for sports fans. I was the sole designer on a team of less than 10 employees owning the product design, branding, and marketing. My focus was mostly on the app.
- **Product Designer @ Freelance** (May 2019 - May 2020)
In this time frame, I did freelance product design work for two seed stage startups in myCrew and Homevision.
- **Product Designer @ Aaptiv** (April 2018 - March 2019)
Aaptiv is the number 1 audio fitness app on the market. I worked on the mobile engagement and activation teams. The teams were made up of a PM and 3-5 developers. I was the go-to on the team for everything design and research.
- **Product Designer @ TripAdvisor** (September 2016 - Jan 2018)
I worked for TripAdvisor Attractions. Our goal was to help people instantly find and book tours and attractions worldwide. I worked on a team with two PMs, and six developers that was focused on post purchase and growth features.
- **Product Designer (Contract) @ Strava** (March 2016 - July 2016)
Strava is a mobile and web app that helps athletes track their activities, and connect and compete with each other. I worked on a vertical team comprised of a PM, developers and a designer that focused on growth and social features.
